To Whom It May Concern:

This letter introduces Ms. Jean Michaels and Ms. Bette Ross of the Planning Research Corporation (PRC) which has been contracted by the U.S. Environmental Protection Agency (EPA) to conduct a Potentially Responsible Party search for the proposed Big River Mine Tailings Superfund site near Desloge, Missouri. PRC will be gathering information on all entities who may have generated, processed, transported or disposed of contaminant materials within the Superfund site boundaries.

The information acquired as a result of this research will be utilized as a basis for future activities at the site. Your cooperation in this important endeavor is appreciated. Should you have any questions regarding these activities, please contact me at (913) 236-2856 or at the letterhead address.

Very truly yours,
